MEMORANDUM FOR: Dr. Henry A. Kissinger  
Chairman, NSCIC

SUBJECT: NSCIC Working Group Report on Crisis Studies

1. Attached is the "NSCIC Working Group Summary of Findings Regarding Intelligence Support in Crisis Situations and Recommended Actions," dated 9 May 1973. This report is based on case studies conducted under Working Group auspices of the India-Pakistan crisis of 1971, the Jordan-Fedayeen clash in 1970 and the Arab-Israeli ceasefire of 1970.

2. The recommended actions contained in the report constitute what the Working Group proposes be issued by the NSCIC as guidance to the Director of Central Intelligence.

3. The Working Group suggests that you request the DCI to review this report and prepare a memorandum indicating the actions he would take to respond to the proposed guidance so that both the Working Group report and the DCI's response could be considered by the NSCIC at its next meeting.
